**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support small IPS like Sonic.Net. The quality of service, specially if they are local like Sonic, it is unbeatable.

Conglomeration of providers it is not a good solution.

In the '70 we split AT&T as they dominate the telecom space.

Today industry trend is going back to that time, we see this in the semiconductors and telecom big fish eat small fish.

A good competition an fair play is important to keep everybody honest
